PROFIL PERSONNEL

Recent graduate in software engineering from Monastir, passionate about full-stack, mobile, and backend development. I build high-performance, user-focused applications.

EDUCATION

FACULTÉ DES SCIENCES DE MONASTIR

Bachelor's Degree in Software Engineering

Monastir, Tunisia 2021 - 2024

HIGH SCHOOL

High School Diploma in Computer Science

Graduated in 2021

PROFESSIONAL EXPERIENCE

Backend Developer – See Advertising Company

Monastir, Tunisia | Oct 2024 – Mar 2025

- Built and maintained scalable RESTful APIs (Express.js, MongoDB) for ad campaign management.
- Designed efficient database schemas with performance-optimized indexing.
- Containerized backend services using Docker for streamlined dev/production parity
- Set up CI/CD with GitHub Actions for automated testing and deployments.
- Collaborated cross-functionally with frontend teams and PMs to deliver robust features.

Web Development Intern – Pixelium

Sousse, Tunisia | Feb 2024 – May 2024

- Developed a pet tracking and care app using Next.js, Fastify, and MongoDB.
- Built features like real-time GPS tracking and health alerts.
- Participated in agile sprints, using Jira for issue and task management.

PROJECTS FREELANCE

Real Estate Platform (React, Tailwind CSS, Node.js, Express)

- Built a responsive UI and secure authentication system for listing management.

E-commerce Website Hanouti.tn (Next.js, Node.js, MongoDB, Stripe)

- Developed MVP with payment integration, shopping cart, and admin dashboard.

EL Boutique (Next.js, NestJS, Tailwind CSS, Stripe, Paypal)

- Full-stack development with modern UI and robust backend architecture.

TECHNICAL SKILLS

- Frontend: JavaScript, React, Next.js, HTML/CSS, Tailwind CSS, Figma
- Backend: Node.js, Express, MongoDB, SQL, GO, NestJS
- Tools & DevOps: Docker, Git, GitHub Actions, Postman, REST APIs
- Certifications: NDG Linux Essentials, Cybersecurity Essentials, Introduction to Software Testing
